Class IV- CCA Planner (2018-19)

Note- * Training sessions will be conducted for each activity where the teachers will demonstrate how to do the activity and the students will follow the teacher.

***After the training session the students will select any one activity for the final and the parents should inform the teachers through diary before the practice session.**

***There will be a practice session after every two different training sessions where the students will practice the selected activity learnt in the previous sessions. The teachers will help the students and monitor them.**

***Final day the students will participate in the competition of the activity that they have chosen and they will do the activity on their own.**

*** Parents are requested to send the required material all the CCA days.**
