FROG DAY

After school, Sam looked at a poster on the library wall. It said – “Help was added to clean up the pond at Sun Park on Frog Day”. The frogs were dying because the pond was not clean. So, Sam wrote down the telephone number from the poster. The next day, Sam told his teacher and friends about the poster and the frogs.

On Saturday, the teacher and the children went to Sun Park.

Mr. John (the in charge of pond) met the teacher and children by the pond and gave out some plastic bags, nets, buckets and rubber gloves.

Mr. John said – “Dear teacher with your group please pick up litter around the pond”. Mr. John’s group pulled out the weeds (Weeds–wild plants growing in salt or fresh water).
